**TIME:** 1225 (Day 4)

*Dear Colleagues,*

*We have heard some worrying rumours about a rare outbreak of a virus called 'Sebedoh Sickness'. Please confirm the veracity of this rumour and if it is true, what plans you have in place to address the seriousness of this as a potential major public health issue.*

*I need not remind you that if the international media pick up on this there will be many questions being asked about our organisational response.*

*Kind regards, etc*

---
